### CHINESE EXCLUSION.

New Zealand and Australia Want Chinese Workmen Excluded From South African Mines.

(Bulletin Special Dispatch).

Ottawa, Jan. 13.—Sir Wilfrid Laurier has received a cable from Premier Seddon, New Zealand, asking the Canadian government to join with New Zealand and Australia governments in a protest to the British government against the employment of Chinese in the mines in the Rand. Sir Wilfrid in reply said that the matter was one which concerned South Africa and with which Canada had nothing to do, therefore he could not see his way to interfere.

### G.T.P. SCHEME.

Montreal, Jan. 7.—Mr. Hays, general manager of the Grand Trunk, returned yesterday from Ottawa, where he had an interview with the government in regard to the Grand Trunk scheme and several other matters. The first subject occupied most of the time and attention of both parties. The Grand Trunk local management is fully assured that the project will, in the early spring, enter upon the construction period. At the present time there are fifteen surveying parties out working. In certain parts of the country this is ideal weather for the duties to be undertaken. Each party will number perhaps fifteen persons. Where the trail is at all level, dogs are employed and great headway is thus being made during the winter months. The dogs are fleet and docile and the work of surveying is now proceeding from North Bay to Edmonton.

## A PROPER ROASTING

Calgary Herald.  
The Calgary "Juvenile" hockey team is receiving a fine roasting from the citizens and right-minded sportsmen for the way the junior team from Edmonton was treated. Nobody agrees with the treatment meted to the plucky little fellows from Edmonton. The whole trouble seems to have been that some youngsters wrote to Edmonton and arranged a game for the Jackson cup, which is a thing of the past. There was no real organization on the Calgary end for the match except by a few boys. These boys went and got at least three seniors to help them down the lads from the north.

A poor sporting spirit must be in the make-up of such men as Rouleau, Green and Cardell, when they would go on the ice and play against mere boys. Even in the practice game Friday night these seniors didn't play rings around the Edmonton boys by any means.

When the northern boys refused to play a cup game Friday night on account of these seniors being on the Calgary team, they declared their willingness to have a cup game Saturday afternoon, but the Calgary team left the ice.

"Cappie" Smart, who was present, wanted the seniors dropped. If this was done he said he would put up a \$25 trophy, as the Jackson cup was not a challenge cup, but was a trophy put up a year or two ago for a match between some local boys here.

There was a refusal to drop the seniors and the visiting team rightly refused to play a practice match. Such actions as these do a great deal of harm to sport. The average Calgary citizen wants to see fair play. Since the facts about the failure of these teams to play have got around the Calgary boys have been severely reprimanded.

The following letter has been sent to The Herald by R. V. Bellamy, the manager of the Edmonton Juniors: Will you kindly permit me to explain through the columns of your paper the action of the Edmonton juvenile hockey team in refusing to play on Saturday against the Calgary boys.

We were induced to come here from Edmonton by the promise of a trophy which in the correspondence between the two teams was styled the Jackson cup. Furthermore it was definitely understood that this trophy was to be competed for by junior teams, and this statement may be verified by reference to the telegraph operators here in Calgary.

Imagine our surprise and indignation when on lining up for the match of Friday night, to find that we were up against practically a senior team. At least three of the Calgary players participated in the games for the team which would defend the cup, then they seem to have been promoted to the infant class, and considering the fearful odds they had to face I must confess that they showed up well. However, as for the game of Friday night, we made a compromise and agreed to play a practice match with the distinct understanding that on the following afternoon (Saturday) we were to be met by a junior team which would defend the cup we came to play for.

This is exactly what did not happen, however, for on Saturday afternoon we found that the cup had not been secured, neither had the Calgary team been changed in any manner. The Edmonton youngsters, therefore, left the ice, claiming that they had been deceived and imposed upon. Then to the invitation to play another practice match, I, as manager, refused to accede, since we did not come here for practice, being able to get that at home and at less cost than here.

In my subsequent inquiries I learned from "Cappie" Smart, who now has in his possession what was three or four years ago a "Jackson cup," that at the present time there is no such trophy in existence and that the Calgary men who had negotiated with Edmonton had acted presumptuously and falsely in holding out to us such a bait as he offered.

The Edmonton team, therefore, has a very real grievance against the Calgary hockey team, claiming that they were deliberately deceived in the matter of arrangements preceding their trip, and that they were not used in a fair or sportsmanlike manner after they arrived. Our only consolation is that we have the sympathy and good will of the Calgary public as distinguished from those who call themselves "sports." We also claim the unique distinction of having had the most expensive practice, both in the manner of time and money, ever indulged in by an Edmonton team.

## WINNIPEG MARKETS.

Commercial, Jan. 7th.

Cattle—The market holds very steady as to prices. Supplies are not coming forward as freely as was looked for. Prices are steady. Local feed dealers are paying 30 1-2 to 31 1-2c for No. 2 white oats, in carlots on track here, and 29 to 30c for feed grades. For farmer's loads at country points prices are averaging about 25c. The street price here for farmers' loads is about 30c per bushel for ordinary quality.

Barley—Malting grades are bringing 36 to 37c per bushel in carlots on track here, and feed grades, 34 to 35c. Farmers are getting about 28c at country points.

Wheat—Manitoba wheat is around 2c higher on the week and in the fore part of the week was very buoyant and firm. By the end of the week it has, however, lost somewhat of its firmness and is full, buyers being scarce. Shipping and export trade has been on a small scale and a good deal of the business has been comprised under speculative trading. At the close of business yesterday trade was dull at 81 3-4c, 1 northern, 78 3-4c, 2 northern; 75 1-4c, 3 northern; No. 4 wheat 80c; feed wheat, 52 3-4c, and feed barley, 44 1-2c. For January delivery, and for May delivery, 1 northern, 85 3-4c; 2 northern, 83 3-4c; 3 northern, 78 3-4c, and No. 4 wheat 72 1-4c, all in store Fort William or Port Arthur.

## PEMBINA RIVER

Wm. Brown and J. L. Lyons having sold their stock to Ward and Menzie, are looking for new locations this week near the Assiniboia river. They are following the Grand Trunk survey and may possibly go as far as the Swan Hills.

Peter Kagan, of St. James, Neb., is expected here soon. He will bring a carload of heavy horses.

D. McDonald, freighter No. 1 for the Grand Trunk Pacific survey, who has all fall travelled on schedule time arrived five hours late on account of Tuesday's snow.

Wm. Shepard and Chas. Tweedy are both having new houses built. Mr. Tweedy is one of the skilled workmen in Cushing Bros' mill, Edmonton.

Church was held at O. Mageau's on Christmas Eve.

There will be a dance tonight at Julia Campion's in the halfbreed settlement at the old Hudson's Bay store at the lake.

Hay is worth fifteen dollars a ton in the English settlement across the river.

J. D. McVicker, assistant engineer of the Grand Trunk Pacific survey, passed here this evening returning from Edmonton. The party are now about forty miles northwest of here.

John Donnelly and family entertained on Christmas at their sociable home. Mr. and Mrs. Wm. Shepard, Mr. and Mrs. Gordon McDonald, Mr. and Mrs. Frank Donnelly, N. Shepard, Charles Hogg, Robt. Dunlay and Brose Ward.

## DINWOODIE.

Your correspondent spent Christmas at home, meditating on the past and poring into the future. In the past we could see F. Oliver and Isaac Hunter the whole staff of the Bulletin; D. R. Fraser, the great flour mill monopolist, John Brown, the leading storekeeper; Charlie Ross with his small store; when something awoke us to the future, we could see the great "Purposelle" of the north with 100,000 inhabitants, with two continental railways; verily are we here or is John Dewar here in our stead. Long trains of teams have passed here loaded with timber, en route to the British colony, for their immigration hall.

A number of our settlers are taking advantage of the high price of fur and eating muskrats, which is quite a help to many in this new country.

M. G. Puckette and family moved out to their Birch Lake home the other day from Edmonton. The mildness of the season permits settlers moving in much later than usual.

The ladies of Dinwoodie are getting up a Christmas tree and entertainment on Dec. 31st, for the children residing in the district, without regard to creed, nationality or sect. All are welcome to Isaac Reed's farm at 4:30 o'clock on Dec. 31st, 1903.

The Commissioner of Education has empowered the trustees of the school district to borrow \$500 for building a school. No doubt we will soon see a building looming up, a tribute to the faith of the settlers in this part of the country as being good for a permanent home.

Miss Olive Pearce arrived from Edmonton the other day, driving all the way alone with horse and cutter. Such is the staff of our Westerns.

The next annual meeting of the recipients of Northburgh school district, No. 122, will be held on Tuesday, the 18th day of January, at the residence of H. Dinwoodie, for the election of a trustee and other trustees.

## FLOUR

Like everybody else we have sadly realised that through an unusual accident our wheat crop has been partly destroyed; this and the large immigration of last year, will increase the demand for flour far in excess of the possible local production. Under the circumstances the salvation to better our present situation was to look abroad, so we did; and we were fortunate enough to secure large quantities of flour at a comparatively low figure, of which we give the benefit to our customers and the public:

## BACK FROM CALGARY

The Edmonton junior hockey team returned from Calgary and Wetaskiwin yesterday evening in fine spirit, notwithstanding the fact that they were not given a chance to carry back the Jackson cup. During the Calgary hockeyists, the boys are loud in their praises of the way in which they were used while away. The boys made a game for themselves in Calgary, as can be seen in the article in another column taken from the Calgary Herald. They are perfectly confident that with good light and ice they could defeat the best hockey team Calgary can produce this year. Edmonton is proud of her junior hockey team and regrets that they were not given an opportunity to show their prowess. Edmonton people are of the same opinion today as they were a week ago, that the Edmonton juvenile hockey team are, age and size considered, the best in Western Canada.

## A NEW STORE

Glazen's entire stock, and will occupy Mr. Glazen's present store under Robertson hall. The new store will be known as the Edmonton jobbing house and a complete line of new goods will be carried. Mr. Glazen has at present on hand a quantity of second hand goods which Mr. Morris will clear out at reduced prices. The new stock includes granite, delf, glass and tin wares, also stoves, linoleums, oilcloths, carpets, beds, chairs, etc. Mr. Morris took possession yesterday.

## A LARGE MEETING

Consider the Advantages of Starting a Young Men's Christian Association in Edmonton.

Houston's hall was crowded last night with young men who had assembled to consider the advisability and possibility of establishing a Young Men's Christian Association in Edmonton. Principal Riddell occupied the chair. Speeches were delivered by Principal Riddell, Rev. H. A. Gray, Rev. Mr. Rodger, and others. The benefits of such an association and the great need of one in Edmonton were set forth.

A nominating committee, consisting of Messrs Douglas, Butchart, Lundy and Richardson were appointed to name the three following committees: 1st, a canvassing committee; 2nd, a site committee; 3rd, a committee to make arrangements for getting a secretary.

The meeting adjourned to meet at the call of the nominating committee. An extensive report of the meeting will appear in tomorrow's Bulletin.

## TEN TO NOTHING

The Edmonton juvenile hockey team stayed off in Wetaskiwin on Monday and saw Lacombe hockey team defeat Wetaskiwin by a score of 4 to 3. The boys were surprised at the speed exhibited by Lacombe and Wetaskiwin senior teams. The Wetaskiwin goal keeper and the Lacombe forwards are said to be whirlwinds. It is hoped that both teams will take a trip to Edmonton during the present hockey season.

On Tuesday afternoon the Edmonton boys faced a combined Wetaskiwin junior and senior team on Wetaskiwin ice and in a very friendly match defeated them by a score of 10 to 0. Edmonton's junior hockey team, which has attracted so much attention during the past few days, is made up as follows:—

Goal, C. Matheson.  
Point, R. Johnson.  
Cover, R. Powell.  
Bayer, A. Johnson.  
Centre, C. Sanford.  
Left Wing, G. Dunford.  
Right Wing, G. Gouveau.  
Spare, H. York.

## STEWART FOR CALGARY

Dr. Charles J. Stewart, of this city, will be the liberal candidate in the approaching Dominion elections for the Calgary district. He was chosen yesterday afternoon by the Liberals in convention.

In the evening the convention reassembled. Resolutions expressing confidence in the Liberal government; Sir Wilfrid Laurier; thanking Mr. Oliver for the courteous manner in which he represented this riding in the Dominion house; approving of the fiscal policy of the present government; the government's policy of building a national transcontinental railway; and approving of the administration of the affairs of Western Canada by the present government, were passed.

The following resolution on provincial autonomy was also passed:

"That we declare our firm adhesion to the principle of provincial autonomy, but we believe that provincial standing should be assumed only upon proper and final terms. We declare our confidence in the present Liberal government upon this question, and as citizens of the West and of any new province to be erected, we prefer that the problem of autonomy should be solved by the Liberal party, which at every stage in Canadian history has been the champion of provincial rights, rather than by the Conservative party, which has been the historic enemy of the rights of the Canadian provinces."
